

FEATURES LIST 2025

Welcome to the 2025 features list for Northern African Wireless Communications including a detailed outline of magazine and website contributions we're seeking for the year ahead.

The magazine contains news and analytical features, case studies, products and opinion pieces from some of the most influential people in the region. We've established popular columns with comment and opinion from industry experts, who also contribute to in-depth features to expand on a subject, technology, or strategy.

In a digital format, we target every type of user within the cellular, tower, satellite, Fixed Wireless Access, critical communications, fibre, data centre, broadband, IoT, OSS/BSS, VAS and backhaul sectors – and much more.

Our readership comprises managers, directors, engineers and technicians within the operator, integrator, service provider, towerco, broadcaster, regulator, consultancy, distributor and public and private sector user arena. Each member of this community influences, specifies or purchases wireless communications equipment, services, software, infrastructure and consultancy.

In addition to our focused news and analysis, below are the regular issue columns and comments – contact us if you'd like to get involved with any of these.

NORTHERN AFRICAN WIRELESS COMMUNICATIONS

Talking Towers

A regular column from the tower operator, vendor, and infrastructure industry

Wireless Business

Financial reports, deals, who's hiring and who's firing

Wireless Solutions

New products and services available to wireless users

Wireless Users

Case studies highlighting customer and sector success stories across the continent

Industry View

Comment from an industry luminary on the issues impacting wireless comms

Talking Satellite

Industry experts share their views on what's happening in satellite as each issue goes to press

On the Network

A more technical analysis of what's going on in the sector

Talking Data Centres

Data centre professionals share their views on what's hot and what's not

View from the Top

An opinion/thought leadership piece penned by senior managers, in which they offer strategic commentary

Talking Critical

A regular column from the critical comms arena

As well as the above, we have the African Wireless Communications e-newsletter, which combines the best content from each magazine and the website, as well as the latest news from the region and the sector. Even if your content doesn't make the magazines, we are keen to populate our website with news and comment on the topics below and are open to any ideas you may have.

We look forward to working with you again this year and hope that 2025 brings us all good fortune!

DECEMBER-JANUARY 2025

FEATURE I

Which technology gaps still exist within the tower sector?

FEATURE II

5G – what's the hold up?

CASE STUDIES

Transport

FEBRUARY-MARCH 2025

FEATURE I

Disaster recovery: restoring communications

FEATURE II

Telco to techco

CASE STUDIES

Healthcare

APRIL-MAY 2025

FEATURE I

OSS/BSS performance and network profitability - what should be considered?

FEATURE II

Greening telecommunications with the circular economy

CASE STUDIES

Construction
